Clouds Roll By.

THINK IT WOULD BE THROWING AWAY TIME

They Are Becoming Accustomed to the Possibilities of War and Are Returning to Business with Renewed Vigor.

NEW YORK, May 20 .- R. G. Dun & Co.'s Weekly Review of Trade will say tomorrow: Growing accustomed to war possibilities, which are mostly far from probabilities of evil, and finding the nation moving along steadily in its industries, people are grasping the idea that it is throwing away some months of active and profitable life to wait until war clouds have passed. Western prosperity has so greatly overbalanced timdity of eastern capital that actual business

done shows increases.
Ratirond earnings promise better for May than a month ago for April, and payments through clearing houses for the week in May show a gain of 35 per cent over last year and 7.5 per cent over 1892, while a month ago the increase over last year was 33.6 per cent, and compared with 1892 there was a decrease of 7.2 per cent. Several large contracts were kept back for some weeks because of hostilities and instead of works closing and reducing forces reports show in-crease of force or of hours at many works. The key of the situation is the prosperity Memphis Washing

of the west, which altogether is unprece-dented in the marketing of breadstuffs, and dented in the marketing of breadstuffs, and is connected with the prospect of good crops to come. These prospects and actual receipts of wheat amounting to 5.876,716 bushels for the week, against 2.439,169 bushels last year, with advances also in other grains and catttle, have produced a demand for rails, cars, car materials, fencing, agricultural implements, boots and shoes and all textile goods, which was not anticipated from eastern indications.

anticipated from eastern indications. Exports of wheat do not diminish, but in three weeks from Atlantic ports, flour in-cluded, have been 7,955,586 bushels, against 4,778,742 bushels last year, and from Pacific ports 1,738,123 bushels, against 610,637 bushels last year. The price of May wheat fell 414 cents on Saturday, rose 7 cents on Tuesday and closed 51/2 cents higher for the

In iron, notwithstanding the greatest output ever known, the demand had caused some advance in Bessemer pig, with only a slight decline in the price of gray forge at Pittsburg, but full quotations are obtained at Chicago and Philadelphia. In bars and sheets the markets are dull, but at the west are strongly sustained by demands for ear building, tin plate manufacture and other uses. In plates and structural forms all the works are fully employed and gen-erally crowded for months ahead. One con-tract for 6,000 tons of armer plate for Great Britain was taken by works far inland, with another of smaller quantity, showing that the export demand, in spite of higher ocean freights, is not yet arrested. Tin is sus-tained at 14.5 cents by large consumption, and lake copper at 12 cents, in spite of American production amounting to 122,900 tons for the month, 10 per cent larger than last year, with a slight increase in the prouction of foreign mines.

The textile works are doing rather bet-

ter, even the cotton mills, in spite of their overproduction, for some of large importance have recently started again, and print cloths are a sixteenth higher.

Numerous woolen mills have been pushed to new activity by government orders and prices for a few grades of goods are better with a stronger tone in the market gen-erally, although some mills of importance have stopped, as their orders for the season have run out. While the sales of wool have been 6,338,900 pounds for the three weeks past, against 27,963,700 pounds last year, the manufacturers have ample stocks, although some are obliged by governmen orders to seek in the market grades of woo which they had not expected to require. Failures for the week have been 250 in the United States, against 248 last year, and twenty-nine in Canada, against thirty-seven last year.

BRADSTREET'S REVIEW OF TRADE. Outlook in the Business World is Exceptionally Good.

NEW YORK, May 20 .- Bradstreet's tomor row will say:

The excellent foreign demand at good prices for most products of American agriculture has constituted for some time past the leading feature of the country's trade. Second only to this, and of necessity forming an important link in the chain of good trade, may be mentioned the almost unifrade, may be mentioned the almost uni-formly good crop situation, furnishing the best evidence that foreign demands now and in the future will be adequately met.

The immense balance of trade already piled up in this country's favor of course constitutes an element of strength whose

effect on the money market can hardly be exaggerated. Naturally dependent upon and merely a phase of the foreign, dens nd, is the activity visible in nearly all lines of transportation, showing that this industry, like others, is sharing fully in the preparation of business having its rise in our ex-

An increased willingness to regard th An increased willingness to regard the existing war as merely an incident in the country's business seems evident in the trade reports received this week. The volume of bank clearings, reports of railroad earnings, the movement of prices and the reports received from the iron and steel trades all seem to concur in indicating a maximum volume of business for the future with a present the concurrence. ture with even greater hopefulness than for time past and a continuance of the

favorable situation.

There are, it is true, some features not universally favorable. While the reports as to the winter and spring wheat crops, both as regards acreage conditions and prospects, seem to favor unprecedented yields, advices from the corn crops are hardly as favorable. owing to continued wet and cold weather tending to check germination. The reports from the cotton crop also are tather irregular, the backward spring and

lack of moisture in some sections being complained of.

There seems little doubt, however, that the acreage in corn will be large this year and its increased value as a food product will be more universally recognized, both at me and abroad.

... manufacturing lines the reports from the woolen goods trade are no more favor-able, except where the stimulus of army orders imparts activity to some lines of manufactured products and raw materials.

Rather more tone is visible in the cotton goods industry, and there is a firmer tendency in prices, print cloths having recovered slightly from their unprecedented low

Some check to our export trade in manufactured products is reported as a result of the higher freight rates ruling, but off-setting this there are reported large orders

setting this there are reported large orders received at interior points for steel plates said to be on a foreign government account. Wheat exports are larger than for two weeks past, aggregating 4,054,836 bushels, against 3,682,543 bushels last week, 2,655,852 bushels in this week a year ago, 1,906,000 bushels in 1894.

Corn exports are slightly smaller, aggregating 5,550,579 bushels, against 6,007,000 bushels last week, 3,100,000 bushels in this week a year ago, 1,565,000 bushels in 1896, 1,032,000 bushels in 1895, and 507,000 bushels in 1896, 1,032,000 bushels in 1895, and 507,000 bushels in 1894.

NEW YORK, May 20 .- Bradstreet's Fi nancial Review tomorrow will say: Waiting for a decisive action between the hostile fleets in the West Indies has had tendency to restrict speculation and kee tendency to restrict speculation and keep the public out of the stock market. London has been a fairly large and constant seller of stocks here and the market at times has apepared weary and overbought, yet the undertone has been strong, the bearish element cautious and the tendency of prices was in the main toward a higher level. The professionals, who for the time being control speculation, are influenced more or less by a belief that a victory of any decided character would result in a sharp advance, and the London selling is understood to proceed from a speculative. understood to proceed from a speculative uneasiness due to fears against the general state of European politics and not to a distrust of the position or the chances of the United States in the war. Spain's securities, it may be observed, show renewed weakness, the Spanish 4s in London falling from 34½ to 32½, while the gold premium

Pennsylvania Prohibitionists nounce Everything Political Except Themselves.

HARRISBURG, Pa., May 20 .- The roll call of the prohibition state convention today showed that delegates are in attendance from all of the sixty-seven counties in the state, except Greene county. The finance committee recommended that \$10,600 be raised to pay the expenses of the gubernatorial campaign. Dr. C. H. Mead of New York made a strong appeal for funds, and in a half hour the money was raised. National Chairman Dickey pledged \$500 to the campaign fund in memory of James Black of Lancaster, the first prohibition nominee for president.

The platform was read by A. A. Stevens chairman of the resolutions committee, and was adopted with much enthusiasm. The platform endorses the principles of the prohibition party, declares that the law under which the liquor traffic exists should be repealed, expresses sympathy for the Cubans, regrets the failure of the government to peaceably adjust the differences with Spain, while pledging support to all efforts to secure fair and humane treatment for the Cubans, and to put an end to Spanish tyranny and brutality; reaffirms belief in equal suffrage regardless of sex; denounces the late legislature and the present state administration as the most incompetent, extravagant and venal that ever disgraced Pennsylvania, and pledges the party to

abolish all unnecessary public offices.

At 12:20 o'clock the convention took a recess until 2 o'clock. When the convenion reassembled James Simms of Allegheny nominated Rev. Dr. Silas W. Swallow of Harrisburg for governor. There was no opposition and the nomination was made by acclamation

Edward Nichols of Wilkesbarre was nominated for lieutenant governor.

## LOSS OF LIFE EXAGGERATED

Only Two Killed at Heafford Junction Instead of Eighteen as Reported.

MILWAUKEE, May 20 .- A dispatch to the Wisconsin from Rhinelander, Wis., says: The report from Heafford Junction, which stated eighteen dead bodies were in the depot at that place, proves to have been greatly exaggerated. The latest news from there gives only two killed from the Stewart and Goodyear camps and fifteen injured.
A special from Wausau says: There appears to be no truth in the rumor from Elmhurst of the loss of ten lives during the tornado on Wednesday night.

ANOTHER PRETTY PITCHERS' CONTEST

Fisher and Foreman Each on Hi Mettle and the Teams Behind Them Inclined to Play

INDIANAPOLIS, May 20 .- (Special Telegram.)-The Omahas gave the Champions another snappy fight today and again only one run margin separated the two teams. Chauncey Fisher and Frank Foreman were the opposing strategists on the slab, and Foreman had the better of it. The support given each pitcher was equal in strength. There were but three errors behind each man. The only runs of the game came in the fifth inning, when both teams scored. The Indians were first at bat and Foreman led off with a single to left. Hogriever sacrificed prettily and Foreman perched on second. Deady hit to left, Foreman taking third, Deady second. Hoffmeister drove a long one to center on which Foreman tallied. Deady ran to third and scored on Fleming's drive for a base. Hagerman, the first of the foundlings who came up, cracked out a two-bagger. McCauley flied to Stewart. Deady dropped Hoffmeister's assist on Fishers' infield drive. Eustace hit to Allen, who retired Fisher at second, but Deady dropped Stewart's assist in an attempt to double Eustace, and Hagerman crossed the rubber. After the fifth Fisher was hit safely but three times, two being for doubles, and Foreman was hit safely but twice, both being "punk" singles. Score: INDIANAPOLIS.

BUDD WINS WING SHOT CONTEST.

He Will Shoot Again Today to Maintain His Trophy.

KANSAS CITY, May 20.—The Kansas City Star cup, representing the wing shot champicaship of America, was won in the Misseuri shooting tournament today by Charles Budd of Des Moines, Ja. After the sixty-five men entering for the event had shot at twenty-five birds there remained but five who had clean scores. These were: Sim Glover of Rochester, N. Y.; T. J. Graham of Rosedale, Mich.; Charles Budd of Des Moines and C. S. Gottlieb and J. B. Porter of Kansas City. Mr. Graham was erroneously reported yesterday as having missed one of the twenty-five birds.

When the cracks stepped up for the shootoff a heavy wind was blowing. Porter missed his third bird, Gottlieb his fifth, Graham his twelfth and Glover his fourteenth. Budd killed fifteen straight, winning the cup.

Graham his twelfth and Glove.

teenth. Budd killed fifteen straight, winning the cup.

His possession of the cup, however, may be but temporary, for, under the conditions of the donor, the trophy is to be put up again tomorrow, when the five marksmen who have at different times held the cup are to compete for its permanent ownership.

Mr. Budd will have as opponents J. A. R. Elliott, J. E. Riley, Fred Gilbert and Sim Glover.

Westpost Wins at Pool.

Cowboy Westpost won the pool match with Jack Boyd in Folev's last night, despite the odds of 125 to 100 which he gave. The game was quite a pretty contest.

Ruhlin, the latter of Cleveland, resulted in a victory for McCoy after twenty rounds. Three thousand persons were in the Alhambra, where the fight was held.

There was little betting on the result, and the showing made by Ruhlin was a surprise. He stood a lot of punishment, and was always ready to come back for more. He was apparently strong at the finish. McCoy says he will now meet Goddard and then Chovnski.

Sixty per cent of the gate receipts are to be divided between the men, McCoy taking 75 per cent and Ruhlin 25 per cent, in place of a \$2,500 purse.

George Siler of Chicago acted as referee. When he rendered his decision, Jim Corbett leaped into the ring and asked McCoy to fight him, but the latter declined to consider the matter and refused to make any arrangements.

McCoy entered the ring at 10:30. Behind him were Con Reilly, Frank Burns, Homer Selby, Doc Payne and Frank Zimpher. He looked in the pink of condition, but showed a marked sallowness. His hands were in bandages.

There was a long wait before Ruhlin put in an appearance and McCoy walked around the ring shaking hands with his friends. When Ruhlin entered the ring McCoy shook him by the hand. Ruhlin's seconds were Billy Madden, Tommy Ryan, Charlie Goff and Tom Cawley.

The announcer read challenges from Goddard, who offers to stop McCoy in twelve rounds: Peter Maher and "Stockings" Con-

Siler then called the men into the center of the ring and gave them their final inbigger than his opponent The gong sounded at 10:45.

Details of the Fray.

Round 1—There was much fidding, and the Kid swung right to head. They clinched and Ruhlin lifted his man from the floor. The Kid rushed and swung left. Ruhlin ducked it. Ruhlin got a left in on body and head. Gus sent left lightly to body and McCoy then put left to Ruhlin's eye. The Kid jabbed left to body and then to jaw. D., May 29 .- (Special Telegram.)-The ninety or more recruits of the three companies which left Custer, Spearfish and Rapid City for Sloux Falls, who failed to pass the required medical examination, have returned to their respective homes. There is a feeling of disgust on the part of the Black Hills people at the way the boys were turned down. It is stated on good authority that some of the finest men in the company were turned down for some unknown cause, and yet several instances are reported where men with marked physical defects, such as only one eye, broken collarbones and deformed limbs, passed muster without a question. It is further stated that some of the men who failed to pass the examination the first time came in as members of other companies and passe muster all right. MILLER, S. D., May 20 .- (Special Telegram.)-About three inches of rain here has placed all grain and stock interests in better shape than ever before at this time of the year.

South Dakota Eastern Stars. REDFIELD, S. D., May 20 .- (Special.)-The tenth annual meeting of the grand lodge of the Order of the Eastern Star was held here this week with nearly 100 delegates present from all sections of the state. The following officers were elected: Mrs. J. E. Bradley of Hot Springs, worthy matron; Mrs. H. C. Shirk of Redfield, associate worthy matron; George W. Snow o Springfield, worthy patron; Prof. R. F. Kerr of Brookings, associate patron; Mrs. A. M. McAllister of Madison, secretary; Mrs. Mina Lobing of Flandreau, treasurer. The conspicuous feature of the session was the presence of Mrs. A. H. Partridge of Oakland, Cal., the grand worthy matron of the order in the United States, and Mrs. Hallett of Minneapolis, grand worthy matron of the order in Minnesota. Both delivered interest ing addresses at today's session and also gave an exemplification of the ritual. Reports of the grand officers show the order

Round 14—Gus started in to do aggressive work, but the Kid's cleverness kept him out of harm's way. Ruhlin finally landed a left swing that sent Kid against the ropes. They fiddled and Kid put right to face. Ruhlin rushed and uppercut very hard left to face. Kid put straight to neck. Ruhlin got in two good blows in this round.

Round 15—McCoy jabbed right to left. Ruhlin rushed and uppercut with right on face. The Kid led left to face hard. Ruhlin chased and landed on back of Kid's head.

Round 16—Kid planted right on face. Gus sent right to body twice lightly. Kid drove left to face and Ruhlin did the same, sending McCoy's head back. Gus landed left swing on body and then sent left to wind lightly. Gus put right to face and McCoy

THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the California Fig Syrup Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless

imitations manufactured by other parties. The high standing of the CALL-FORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial
